FIRST IN LAST OUT

By: Nita Fuller

I sat down about a month ago and wrote a "Thank You" letter to our Volunteer Departments for the news letter only to realize that it was not enough after the weekend of March 6th, though I am still trying to figure out how to thank all of the volunteers of our community for all they do, for now I guess they will have to settle for just words.

Up until a few short years ago if you would of asked me anything about the volunteer departments out here I would of thought that they had a pretty laid back time of it. I mean after all we are a small community right? In those few short years I realized I couldn't have been more wrong.

I volunteered with the Amargosa Fire Department about three years ago and have come to realize in that time that between the call-outs for the Fire Dept. and the runs for the Ambulance Crews it gets pretty busy. Your "Volunteer" departments cover over 650 square miles, that's a lot of people and ground to watch over. Not to count the training and classes they take so that they can be the kind of people that you can count on to help those in need. Just some of the training that the Volunteer Firefighters take includes Hazmat, Entry Level Firefighting, Firefighter 1, First Responders, Extrication etc. Sometimes this means quite a few weekends and nights away from home and the family.

You may ask yourself why would they do that. The plain and simple truth? It's that we care, we care about you, your loved ones, your animals, and all that pass through this valley. The people that I volunteer with are willing to jump out of bed at 3:00 in the morning, leave in the middle of dinner with the family, or are out for hours fighting a fire or working the highways to help whoever is in need. To put it simply "They are GOOD people!"

After the weekend of March 6th I figured out that mere words can't express the gratitude that I have for these people. After watching them all weekend, and I do mean all weekend, we saw a lot more of each other than

FIRST IN LAST OUT

(continued)

we should have, I was in total awe of our gang. There were three fires in our community from March 6 to the 8th. Four if you count the loss of the Fire Depts. tender, and a call to the sand dunes. There were fire trucks and ambulances running in all different directions most of the weekend. Just watching our personnel keep on keeping on even after they were to the point of sheer exhaustion was truly something to witness. And all I can say to those of you in the Fire Department that I saw day after day all weekend long is "YOU ROCK!" I guess the point that I am trying to make is unless you are family member of one of the volunteers you can't fully appreciate all that they do for you. I will admit that March 6th through the 8th was a rarity for all of us, Thank the Lord on that.

Friday the 6th the fire department put in 13 hours of doing what they do best, I watched them give every ounce of energy into helping those who needed it. I saw members of our gang on their knees trying to cool down, rehydrate and get some much needed oxygen so they could get back up and fight. Why? Because it was important to them to do everything they could do for others. We also lost a big part of our fleet of fire trucks, our Tender caught fire and is now basically a total loss, and honestly we have no idea how we will be able to replace it. That is 3500 gallons of water we desperately need!

Saturday morning started out with the left over clean-up of our equipment, washing fire hose, finishing filling our air tanks etc. Saturday night was another fire and another 5 hours that managed to set us even further back on our rehab of the equipment.

Sunday morning started out with the volunteers at the fire hall yet one more time to try and get caught up only to be paged out to the sand dunes. Fourteen minutes later we were paged out for yet another structure fire.

FIRST IN LAST OUT

(continued)

With the fire dept. and first ambulance heading for the sand dunes the rest of us and the second ambulance crew headed for the fire. Even with being highly fatigued they still managed to do the nearly impossible. They were able to save a single wide trailer and most of its contents.

The Volunteers of YOUR Fire dept. individually put in anywhere from 10 to 20 to forty hours of free service to their community. They put in a whole lot of blood sweat and tears and heart and soul to rise to the challenges that were tossed our way on a very long and exhausting weekend. And you know something? There's not one of them that wouldn't do it again in a heartbeat for anyone of you. Did you know that you had such awesome people looking out for you? That they voluntarily lay their lives on the line every time they are paged out for those who are in need? To the Fire Dept. "You truly are a family in your own way" and I am honored to know and run with you.

To the ambulance crews that always are there for us if we need help, water, oxygen or for them to just tell us you look terrible, we love you! To Shelly Kadrmas who not only feels the pain that all are going through, does her best to take care of everybody, we thank you so much for caring enough about us to make us biscuits and gravy and delivering them to us at the Fire Hall. To Linda Gilliland, for all that you do in setting up the benefits for those who have lost everything, we can't thank you enough. I just need a pie that comes in at under a hundred dollars.

For the families of the Volunteer Fire Dept. and Volunteer Ambulance Crews we know all that you put up with from us and thank you for the time you spend away from your loved ones so they can help others.

For all of our volunteers, for all the good that I see in each and Every one of you, all I can say is if there were a lot more people in this world like you we would all be so much better off! You all have my utmost respect. May God keep and bless all of you and yours!

Sincerely Nita Fuller

WE NEED YOUR HELP!!

The Amargosa Valley/Beatty High School Scholarship Committee

needs you to join us in helping our 2009 graduates who wish to attend college or trade school to meet their future goals. By contributing to the scholarship fund established by the people of Amargosa Valley you will be letting our youth know it is the desire of this community to assist them in their journey toward success in life.

This year we have ten students applying for scholarships and with your generous help and the help of the many others in the community who will choose to contribute, we will be able to say " Yes we believe you can succeed. " to all of the qualified applicants.

Donations of any amount will assist us in meeting this goal and every dollar goes toward scholarships, so we look forward to hearing from you. (Last year we had 38 contributors; we hope this year's number will be even greater.)

You may drop off your checks at the Amargosa Town Office or mail them to the address below.

SENIOR PROJECT COUNCIL NEEDS YOU

By: Jan Cameron

Due to increasingly busy lives, some members of the Senior Project Council have had to give up their positions. The Senior Project Council's primary function is to raise money for the Senior Center. We need to cover some day-to-day expenses as well as provide backup money for emergencies or special events. We also try to schedule and run events that interest seniors. We could use your help. Our bylaws require that at least two new members must be under the age of 60, so being a youngster doesn't keep you from participating. Nominations and elections will be held on Mon., April 13 at 5:30 at the Senior Center. If you are interested, contact Tammy at 372-5314 or Jan at 372-1218.

VEGETABLE CLASS REPRISE

By: Jan Cameron

Back by popular demand, Jan Cameron will present her class on Vegetable Gardening in Amargosa Valley. The class will be held on Wednesday, April 8, at the Community Center at 5:30. Bring a pen or pencil and your gardening knowledge or questions.

This class is sponsored by the Library. If you have other topics that you would like to hear about or information that you believe would be helpful or interesting to others, please contact Erin or Osvaldo at the Library.

FROM THIS CORNER OF THE WORLD

By: Jan Cameron

I love living in Amargosa Valley. Where else would you find such wonderful people? On Friday, March 6, the home of Joe, Tootsie and Markey Cohan burned. Our Volunteer Fire Department responded en masse and managed to save part of the home and all of the other buildings that were very close to them. But the Cohans lost almost everything that was in their house.

On Saturday, the Volunteers responded to another fire behind the Pizza Parlor. Then on Sunday, as they were headed to the Dunes to perform a rescue (a regular event on weekends and holidays), they received a call for another structure fire. They responded to both. And, astonishingly, they were able to save all of the older singlewide, except for the master bedroom and its contents. Maria Anguiano and her baby lost all of their things, and some of the other five children lost things. Water and smoke affected the rest of the home.

Our Volunteer Fire Department is really amazing. Remember, they are VOLUNTEERS. And they left their families and jobs to put their lives on the line to save those folks and their property. They do it all the time. We are very, very fortunate to have such a dedicated group of men and women serving our community. But that is only part of the storey.

Less than a week later, Linda Gilliland, Rosa Garey, the Fire Department, Shelly Kadrmas and others organized fundraisers for the Cohans and the Anguianos. These are difficult times for everyone. Most of us have lost jobs or money or both in the last few months. But the Community responded. Over \$15,000 in cash was collected at the two fundraisers on Wednesday and Sunday. This is in addition to the furniture, household goods and appliances that were donated to each family.

In the middle of all this, by coincidence, was the primary annual fundraiser for the Senior Center. As you all know, the Senior Center is always having fundraisers, because there are ongoing costs that have to be covered and special needs that have to be met. The biggest event for several years has been the annual Services and Stuff Pot Luck and Auction. When the other two fundraisers were scheduled, there was some debate over whether to postpone or not. We decided that, based on all of the publicity and organizing that had taken place,

we need to go forward. And that Saturday night, we took in almost \$2000, about what we had collected the previous three years. In hard times. In between two major fundraisers. We also received several donated pies. (Bill Wahl always buys pies for big prices at auctions and then donates them to the Senior Center, so two groups benefit.)

You guys are really something. I know of no other community where this would be possible. We have fewer than 1400 people, and within five days we contributed over \$17,000 plus goods to help two families and a lot of seniors. Thank you. God bless you. And please, join me in thanking the members of our Volunteer Fire Department.

On March 22, 2009 the first F.C.C. testing for Techinchian and General licensing was given at the Amargosa Valley Cmmunity Center. We were one tester short, so a call went out for assistance. Sharon Guthrie of Montana Promotional Designs LLc of Pahrump, NV put out a call for a radio Ham tester.

Mr. John rose from California was at Saddle West RV Rst Stop and volunteered to help. By helping Roger Fox, Dick Gradie, and Archie Selbach, the test was given. Glen Schoeck, who works for Horizon Academy and is an EMT with the Amargosa EMT Service is now a general and Falcon Finlinson, who also works for the Horizon Academy is a Technician. Thanks goes to Sheron Guthrie and John Rose, you both saved the day.
