HIGHLIGHTS FROM AMARGOSA VALLEY TOWN BOARD MEETING

JANUARY 10, 2013

Doc McNeely Elected Chairman
Trevor Dolby Elected Town Clerk

There was quite a bit of discussion about the vacancy on the AVTB and how it was to be filled. Applications are in the town office. Please call or e mail and it can be sent to you. Vern Gilliland and the Community Center and Park Use Committee have just about completed their recommendations for new policies and procedures. New tires were approved to be purchased for some of the fire equipment. Requests have been sent to NDOT requesting a slow down of the speed limit through Lathrop Wells to 45 MPH and slow down and turn lanes both north and south bound at Hwy 95 and Valley View.

IMPORTANT BOOK SIGNING AT SENIOR CENTER

Pre-Release Book Sale and Signing

Doris Butler, the beloved principal of George B. Williams Elementary School, lies near death in the Intensive Care Unit at University Medical Center. As she struggles to survive the gunshot wound, her estranged daughter, Jennifer, learns of the love and respect the community had for the mother whose love she has spent her life rejecting. As Jennifer learns from her brother and sister-in-law, and her mother's colleagues, students, and community leaders of the impact Doris has made on their lives, Jennifer wonders if there is any hope of recovering the love she has chosen to isolate herself and her two young daughters from. If Doris survives, will Jennifer ever be able to repair the damage she has caused and give her daughters the grandmother's love they deserve?

The Amargosa Senior Center will be hosting a pre-release book sale and signing for "It Took a Bullet", the debut novel of Valley resident Claudia Bowker. Join your fellow residents for breakfast on Friday, February 8th from 8:00 to 9:30 and stay for a brief presentation followed by the sale and signing event. A portion of the proceeds from this sale and all sales made in Amargosa Valley will benefit the Amargosa Valley Community Library. If you are unable to attend, but would like your personal autographed copy, contact Claudia Bowker at (716)640-5184.

THANK YOU TO AMARGOSA VALLEY

Amargosa Christian Fellowship would like to thank the various groups of people that helped us to deliver food and presents to over 153 people!

First we would like to thank Amargosa Valley itself, the Radio Club, Fire Department, EMS and Santa, who helped to collect toys for the children at Christmas in the Park. All toys collected go directly to children in our valley. Next the Marines, through their Toys for Tots program provided presents for 20 children in our valley. You can take the Marine out of the service, but you cannot take service out of the Marine. We would like to thank Valley Electric and the Church of Amargosa for their generous donations. These donations helped purchase food items and gifts for the children. We would also like to thank the school children of Amargosa Valley who collected food through their classes and divided the canned goods among the four churches in our area. We would like to thank Northwest Academy who helped at Christmas in the Park, wrapped most of the presents we received and helped to put together the Christmas baskets. They carried toted and cleaned cans to help make this a special Christmas for families in our area. We would also like to Thank American First National Bank for their support and also all of the anonymous donors that helped to make this project so special. This could not have happened if God had not brought all of these people together to help one another. He is the one who orchestrates all that we do! We hope you had a Merry Christmas and are looking forward to an amazing New Year! May God bless you and your families.

LEND A HELPING HAND

Our town needs a group to help people who have various needs. We have an older lady who really needs the outside of her house painted, she can't do it herself and can't afford the paint either. Someone might need a ride to the doctor, help with a broken window, a leaking faucet, the list goes on and on. Some of these people fall through the cracks and don't get the help they need because they don't know who to call or how to ask. A group of volunteers will fill that void. This is not for people who can afford to pay for help it's for those of us who can't. It is for individuals not any business'. If you have such a need call Debbie Quintana @ 775-537-7842 and she will try and find someone to help you. If you can volunteer time to help someone in need call her and get on her list (we already have 7 volunteers). If you do not have the skill or health to help you could donate money to buy paint and supplies or find out what is needed and buy some of it. We are all in this together and someday you may be the one in need. Call now to volunteer in whatever way that you can

TO ALL ANIMAL LOVERS IN AMARGOSA VALLEY

I would like to thank the many people in this Valley that aided in the search for my dogs that got away on 12-27-2012. After 8 long days they were home safe, sound and happy to be home! I was amazed at how many people I talked to were aware and involved in the search. I especially want to thank Maury Choate for her time, support and encouraging words when I was ready to give up. Again, the people of this community helped a friend in need.

Thanks "animal lovers" of the Valley

Sincerely, the Lucas family, chili and Daffy

WORD OF FINANCIAL CAUTION

I spent over 20 years in the commercial and residential mortgage business and worked for most of the big banks in the country. Some local residents have been contacted regarding a reverse mortgage. This can be a good planning tool for some people and help with their monthly cash flow and debt expense. The biggest factor in getting approved for a Reverse Mortgage is that you must have at least 50% equity in your property. (Along with various other property requirements). A ball park estimate of your property can be determined online with search sites like zillow.com. Some unscrupulous companies will try and solicit you for this product and want to charge consultation fees and very high appraisal fees and then find out that you do not qualify. They can determine the value of your property rather quickly. Please be very cautious about signing up for these programs and paying fees upfront.
