# FREE GARDENING LESSON

By: Sam Eddington

Mark your calendars! On Wednesday, March 12, at 6:30 P.M., the Amargosa Valley Library will be sponsoring a one-hour gardening class at the Community Center. Just in time for planting, Jan Cameron will be sharing some tips and tricks for growing beautiful plants, even in our hot and dry climate.

The library will also have gardening books available for you to take home and peruse. If you have any questions, please call the library at 372-5340. We look forward to seeing you there!

### **LOVE THIS TOWN**

Within one hour of putting a notice up on the bulletin board @ the Country Store saying that the Senior Center needed a free gas dryer, Archie Selbach, Jr., called with one and even delivered it that day. Archie, thank you so much.

## IT'S COMING SOON

Mark your calendars, the annual "Goods and Services Auction & Pot Luck Dinner" is coming to your town April 12, 2008. If you have goods or services to donate please call the Senior Center @ 5413 or Pat @ 5401. We usually have many exciting things to offer, oil changes, plumbing service, wood, gravel, fertilizer, handicrafts etc. Funds from this event help continue the meals at the Senior Center.

### RUMMAGE & BAKE SALE

The Church of Amargosa is sponsoring and rummage and bake sale in the Church parking lot on Saturday, March 8, 2008 beginning at 9:00 A.M.

Any and all donations would be deeply appreciated and arrangements for drop off can be made by contacting either Sherry Donegan 372-1617 or Debbie Quintana (775) 537-7842. All donations need to be dropped off prior to 8:00 A.M. on Saturday. Please stop by and do some shopping!

# VALLEY ELECTRIC ASSOCIATION ELECTIONS

Valley Electric election time has once again arrived. By the time this newsletter comes out you should have received your mail in ballot. (I apologize for not getting a letter out to you in advance. I have just had knee replacement surgery and under estimated the healing time.) You may cast your vote by filling out the ballot and placing it in the mail. This first ballot will be for the election of the director you wish to represent you and the next ballot that will come out before the Annual meeting will be for by-law changes. Your votes are always important, as this is your Cooperative.

I would like to take this time to thank all of you who have supported me over the last eleven years and would very much appreciate your vote again in this election. If the by-law change occurs and we add two new districts and directors coupled with the fact that Bob Hartman from Fish Lake Valley has chosen not to run again there is the troubling possibility that you could have four people with no previous Electric Cooperative board experience and only two with a working knowledge of your Cooperative seated on the board. Times are critical in the electric industry and continuity within the existing board will help give the new Directors time to learn what it is they need to do in order to keep Valley Electric on sound footing.

Whatever your choice I would like to once again encourage you to take part in the election process. It is a wonderful Cooperative and deserving of your support and input. Thank you again for your past support and hope you may choose one more time to elect me as your District Two Director.

Bless all of you and I am looking forward to seeing you at the meeting.

Shiela Rau

# FROM THIS CORNER OF THE WORLD

By: Jan Cameron

I have been writing this column for a few months now, and people have been very generous with their comments — both pro and con, mostly pro. However, the column that drew the largest response, without any question, was the one about the ANTIs. I can only assume that a fairly large number of you have met them too. So I thought I would offer a few suggestions on how to deal with the ANTIs.

- 1. Don't ever stand up and support whoever they are Anti. After all, those folks are used to it and the ANTIs probably don't bother them anyway.
- 2. And don't support something the ANTIs are against. The Board or Committee will surely know that some people have a different opinion.
- 3. Instead of stating your opposing opinion politely to the meeting Chair, argue with the ANTIs so that they have a greater opportunity to share their opinions with everyone.
- 4. Don't ask them politely to stop being so negative, especially if you can do so in private. Let someone else handle them.
- 5. Believe what someone tells you, especially if it is negative. After all, if someone is saying it, it must be true.
- 6. Avoid meetings when an ANTI might attend. Who needs the headache?
- 7. Don't volunteer to serve on committees or boards. After all you might become a target of the ANTIs, and, well, just leave that to other people.
- 8. Never ever offer to take on a special assignment, whether it's researching an issue or defining a plan or attending a meeting. Those "appointed folks" must really enjoy spending their time taking care of those things.

If these don't work for you then show up, stand up and speak up! Be counted. This is YOUR community. And it can only be what you make it. Have a great month. (And remember to register to vote in the Primary and General Elections.)
