

Wild Burro Rescue

AND PRESERVATION PROJECT

At Wild Burro Rescue in Olancho, CA we have many burros who had been rescued out of Death Valley many years back. They are now in their 'golden years' and are in need of special diets to keep them strong and healthy. We have set up a campaign for this need at GoFundMe.

Please visit the link below to see how you can help. No amount is too small! We need to keep the special grains, senior feed, supplements and all-important psyllium as a big part of their diet. Thank you for your support and a big braying thanks from the burros 😊

MY TOWN, YOUR TOWN, OUR TOWN

The July town board meeting was a sad sight, 5 board members, Mike our town administrator and 6 (SIX) audience members. A town of almost 1500 and only 6 people show up at a meeting that decides what goes on in our town, what changes are to be made. We the townspeople have a voice in how we want our town to run, what plans are to be implemented, what decisions are to be made about future events, and even the future of our town.

One thing that can destroy a club, an organization, a town, a state or a country is APATHY, and we have it bad.

Joe Cohan (our town board chairman) runs a pretty tight meeting and they rarely go over 1 to 1 1/2 hours. That's a small amount of time to give up once a month to support the board, disagree with the board, bring up issues that you think are important and have your voice heard.

I hear people complain about choices that have been made, do you really think you have a right to complain if you don't show up and make yourself heard?

Come, listen, participate, learn, be involved in your town. P.J. Minshall
